TINICUM TOWNSHIP

PROCEDURE FOR APPLICATION FOR BUILDING PERMIT UNDER THE PARAMETERS OF ACT 45 THE UNIFORM CONSTRUCTION CODE/2015 INTERNATIONAL BUILDING CODE.

Section 403.42a. Non-Residential Permit Application;

A permit applicant shall submit an application to the building official and attach construction documents

- 1) **Plans and Specifications:** The application shall be accompanied by not less than (4) copies of specifications and of plans sealed by a registered design professional drawn to scale, with sufficient clarity and dimensions to show the nature of character of the work to be performed. The building official may waive the requirement for filing plans when the work involved is of a minor nature.
- 2) **Site Plan:** There shall also be 3 site (plot) plans showing to scale the size and location of all the new construction and all existing structure on the site, distances for lot lines, the established street grades and the proposed finished grade, and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the plot plan shall show all construction to be demolished and the location and size of all existing structures and construction that are to remain on the site of plot. The building official is authorized to waive or modify the aforementioned requirements if warranted.

All existing non- residential buildings must utilize the Existing Building Code. The Accessibility Advisory Board in Harrisburg can only approve all waivers from Accessibility requirements. Forms are available upon request.

No permit will be issued without the required plans and specifications being submitted and approved by the Township. In addition, a permit will not be issued until the appropriate fees have been paid in accordance with Section 401.2a. Fees shall be as established by the Township Commissioners by Resolution.

A Use or/ & Occupancy Application Must be submitted at completion of JOB, NO permit will not be issued until less permit fees along with all inspection fees have been paid.

*When the above information is received, this office will complete the plan review. If you have any questions or require any additional information, contact Tinicum Township at
610-521-3530*

TINICUM TOWNSHIP

PROCEDURE FOR APPLICATION FOR BUILDING PERMIT UNDER THE PARAMETERS OF ACT 45 THE UNIFORM CONSTRUCTION CODE/2015 INTERNATIONAL RESIDENTIAL CODE

Section 403. Residential Permit Application;

Section R 105.3. Application for Permit, of the International Residential Code requires the following documentation to be submitted:

The application shall be accompanied with the following plans and specifications:

- IRC-R106- Plans and Specifications: The application for the permit shall be accompanied by not less than four (4) copies of specifications and of plans sealed by a registered design professional drawn to scale, with sufficient clarity and detail dimensions to show the nature of character of the work to be performed. The building official may waive the requirements of construction documents and/or the seal of a registered design professional when the work involved is of minor nature.
- IRC-R106.2 Site Plan: There shall also be a site plan showing to scale the size and location of all the new construction and all existing structures on the site, distances form lot lines. In the case of demolition the plot plan shall show all existing structures and construction that are to remain on the site of plot
- Zoning Permits and a site plan are required for detached accessory structures under 1000 square feet and decks less than 30 inches from finished grade are considered non-regulated structures. A Building Permit is not required.
- Numerous exemptions are provided under the Uniform Construction Code. Please contact the Building Inspector for clarification.

No permit will be issued without required plans and specifications being submitted. In addition, a permit will not be issued until the appropriate fees have been paid in accordance with Section 401.2a. Fees shall be as established by the Township Commissioners currently in use at time of application. A use & occupancy permit will not be issued until the permit fee along with all inspection fees has been paid.

When the above information is received, this office will complete the plan review. If you have any questions or require any additional information, contact Tinicum Township at

REQUIRED SUBMISSIONS
COMMERCIAL/RESIDENTIAL – ADDITIONS/NEW
CONSTRUCTION

Items required by Tinicum Township to comply with the Uniform Construction Code of Pennsylvania.

Submit four (4) complete set of the following:

- **Site Plans** – A site plan (3 sets) is required that indicates the location of each building as it relates to other structures, property lines and public ways.
- **Street Opening Permit** – Driveway and/or access roads entering onto state highways require PENNDOT permits prior to building permit (Copy of approval needs to be submitted to the Township)
- **Construction Plans** – Please Provide four (4) complete sets of construction documents. Plans should bear the original signature and seal of a Pennsylvania registered design professional. Please provide plans of adequate scale to clearly discern all notes, details and drawings. Plans drawn to ¼ scale will often satisfy the requirements.
- **Plumbing Plans** – Please provide detailed plumbing plans. This should include pipe sizing, pitch, length of run etc.; Plumbing plans should include drain, waste, vent domestic water, and gas piping and type of material to be used.
- **Mechanical Plans** – Please provide mechanical plans and calculations. Please Indicate on plans the duct size and CFM per register. Unit specifications should also be included.
- **Energy Code** – Please provide energy code date. This may be submitted in any fashion permitted by the International Energy Conservation Code.
- **Electric** – Please provide an electrical layout plan. Plans must be submitted to an approved electrical underwriter for plan review. Resubmit signed copies to the Township. The underwriter is also responsible to conduct rough and final inspections.
- **Engineered Products** – Please provide specifications on all engineered wood products. Roof truss plan, engineered beams, floor trusses (open-web, or I-joist type), engineered layout plans and certifications, signed & Sealed by a design professional.
- **Liability Statement** – Must be signed by homeowners or authorized agent and returned with application.
- **Code data summary** – The code data for the building is required to be on the plans. For your reference, the current adopted codes are as follows:

2105 International Code Series as mandated by the State of Pennsylvania.

******Please note: Some codes have been amended; please contact the Township for a complete copy for the local amendments. ******
